SUMMARY

Dynamic and detail-oriented Software Engineer (3 years) specializing in Java-based backend development and microservices architecture. Experienced in **Spring Boot, RESTful & SOAP APIs, SQL databases, and CI/CD pipelines**. Strong background in scalable system design, testing, and integration with cross-functional teams. **AWS Certified Cloud Practitioner** with proven expertise in optimizing performance, ensuring security, and delivering maintainable enterprise-grade applications.

EDUCATION

- BACHELOR OF SOFTWARE ENGINEERING**
 - Mohammad Ali Jinnah University, Pakistan
 - 2019-2022

CORE SKILLS

- React Native & React.js Nodejs
- Java Android
- GitHub, JIRA, ClickUp, Postman
- Cross-Platform Mobile Development
- Web Performance Optimization
- Languages & Frameworks:** Java SE, Java EE, Spring Boot, Hibernate/JPA, Node.js, JavaScript, TypeScript
- Databases:** MySQL, PostgreSQL, MongoDB, Oracle
- RabbitMQ, MongoDB
- MicroServices & Redis
- API Development:** RESTful APIs, **SOAP** Web Services, **Microservices** Architecture
- Other:** OOP, JSON/XML Parsing, Redis, RabbitMQ, **WebSockets**, Performance Optimization

STRENGTH

- Clear technical communication
- Quick adaptability to technologies.
- Detail-oriented with alignment.
- Efficient time and task management.

WORKING EXPERIENCE

XLOOP PVT LTD, PAKISTAN 3 YEARS

Software Engineer | Feb 2023 - June 2025

- Designed, developed, and maintained Java Spring Boot microservices handling secure payment processing and user management.
- Built and integrated RESTful and SOAP APIs for cross-system communication between internal and third-party services.
- Collaborated with Product Owners, QA, and DevOps teams to deliver agile-based sprints with CI/CD pipelines.
- Optimized application performance and ensured adherence to security and scalability best practices.
- Worked on AWS deployment and monitoring

PROJECTS

EATSY FOOD APP (ALFALAH BANK) PAKISTAN (2023 -2025)

- Designed and built a responsive mobile interface using React Native and React Native Paper.
- Implemented Redux for state management and integrated secure payment processing.
- Used Axios for API calls, and ensured cross-device compatibility.

CERTIFICATIONS

- **AWS CLOUD PRACTITIONER**
Amazon Web Services
2023-2026
- **CLOUD NATIVE DEVELOPER**
Emeritus, USA (2023)
2023

ADDITIONAL SKILLS:

- **Object-Oriented Programming (OOP)**
- **API Knowledge (JSON, SOAP, REST, GSON) and** Experience with Postman
- **HTML5, Responsive** Design, Cross-Browser Compatibility
- **JavaScript & jQuery**
- **TypeScript**
- **Web Performance Optimization**
- Git & Version Control
- Testing and Debugging
- Java SpringBoot

SOFT SKILLS:

- Strong Communication & Team Collaboration
- Problem Solving & Critical Thinking
- Quick Learner, Adaptable to New Tech
- Leadership and Task Management

- Collaborated with designers to convert Figma designs into functional UI.
- Integrated secure payment gateways into the frontend for seamless user transactions.
- Collaborated with UX/UI designers, translating prototypes into pixel-perfect interfaces.
- Utilized modern tools like Typescript and ESLint to maintain clean, scalable code.

• **AFTER5 APP (2025)**

- Developed a real-time social meetup app using React Native.
- Backend microservices for event management and chat systems built using Spring Boot and WebSockets.
- Integrated Shopify-based APIs, Redis caching, and JWT authentication for secure transactions.
- Automated notifications via Firebase and implemented robust role-based access control.
- Integrated FCM push notifications and role-based access control.

• **CONTRACT LIFE CYCLE MANAGEMENT (2023)**

- Built document creation, editing, and folder/tag management features.
- Applied Redux for real-time state management and used TypeScript for type safety.
- Implemented secure user authentication and role-based access.
- Developed backend services for document creation, editing, and role-based workflows.
- Implemented Spring Data JPA and Hibernate ORM for database operations.
- Integrated CI/CD pipeline for automatic build and test execution.
