 Saudi Arabia

---

## **Summary**

I have a Bachelor's degree in computer science from the taif university in Saudi Arabia, with a GPA of 3.69/4. I've enough experience in data analysis using Excel, computer skills, and strategic planning and management. My technical skills include proficiency in Excel, Power BI, data analysis, database querying, and document management. These skills enable me to create dynamic tables, perform advanced calculations, and generate insightful reports and visualizations complementing my technical expertise. My strong soft skills such as problem-solving, time management, leadership, and collaboration. These skills allow me to work efficiently in a team, adapt to new challenges, and contribute effectively to organizational
