# C.V

**Name:**        **ISLAM SAIf ElDIN MUKHTAR HEAMIDA**
**Date of Birth:**    4/11/1987. Sudan/ Khartoum
**Religion:**      Muslim.
**Nationality:**    Sudanese.
**Address**       Macca
**Marital status**:   married with one child
**Sex**:          female
**ORCID**       https://orcid.org/0000-0001-5611-5593
**phone&e mail**

somaseif79@gmail.com
Tel: **+966553162347**
**0024121773277**

## Academic Background:

- **PHD** in information technology 2021
- **M.SC** information technology in 2014
- **BSC**. In libraries information system in Alneelain University Faculty of Computer Science and Information Technology –25 July2011.

## ACADEMIC POSITION

- Associate Professor at the National Rabat since May 2021 until now

- Lecture in **Alneelain University Faculty of Computer Science and Information Technology** 11/3/2014 until 3/2/2016 **And from 2020 to now**.

- Lecture in **Bahari Ahlia College since** 1/11/2015until 2016

## Projects:

1. A project for a master's thesis. Building an electronic system for graduate studies results (study case, College of Computer Science), available at the link
   http://repository.neelain.edu.sd:8080/xmlui/handle/123456789/7288
2. **PhD project** " Build Sentiment analysis model for the Sudanese dialect for the internet service (Sudani - case study)
3. **Literature :   (lexicon Sudanese Colloquial Dialect for Analyzing Opinions or Feelings)2022**

## Scientific papers:

Participation in The first virtual Arab conference for a graduate student entitled Emerging technologies and their applications in the service of sustainable development in the Arab world June 21-23, 2020 (ACET_Onlinbe_2020 ),with a paper entitled " the classification model Sentiment analysis of the Sudanese dialect used in to the internet service in Sudan" **in chapter book springer** link
   https://link.springer.com/chapter/10.1007/978-981-33-6129-4_26
2. Applying Sentiment Analysis on Arabic comments in Sudanese Dialect in IJCST http://www.ijcstjournal.org/volume-8/issue-3/IJCST-V8I3P12.pdf

## Interests:

- Interested in data science and machine learning
- Member of the Saudi Society for Data Science(SSDS)
- Program language .java .python.php.html .css.java script. Sql .oracle .

## Professional Experiences:

- Data analysis $ machine learning
- Training in ministry of petroleum /petroleum data center (training period/Pc maintenance. +network configuration. + system maintenance. + Basic of storage network)-31/12/2012 to 31/01/2013
- A course in CCNA 200-301 from Sudatel Academy for Communications
- A course in cybersecurity

**- A group of workshops in:**
-Data Visualization
- The basics of analyzing questionnaires using SPSS
- the science of concealing data
- Hosting website on the cloud
- Criminal security survey of networked devices
- Python Basics
-Hosting website on the cloud
-Python Basic
